

BENEFITS TO ASGA MEMBERS

A steady stream of single people to meet through regular golf play and social interaction. This is the primary benefit to the member.

Monthly Newsletter highlighting upcoming activities and past events – Single Golfer (included is local and national news).

Chapter Roster (mailed with newsletter each month).

Membership privileges extend to more than 40 chapters nationwide

Membership Kit, including the following:

- ASGA Bag Tag
- 18 Personalized Lost Club Labels
- \$20 Off Your First Multi-Chapter Golf Weekend
- Alamo Car Rental Discount
- USGA Golf Rules Guide
- US Airways and Delta Air discounts of 5 to 10% on flights to ASGA's multi-chapter golf weekends

The ASGA national organization provides stability and consistency for local chapters. National dues are transferable in case a member moves to a different city. Benefits are subject to change.

CHICAGO

American Singles Golf Association

AMERICAN SINGLES GOLF ASSOCIATION CHICAGO CHAPTER

The participation in the game of golf has changed dramatically in the last twenty years. Golf used to be exclusive for the wealthy, with participation separated by sex. Today, both men and women from diverse backgrounds enjoy golf. American Singles Golf Association (ASGA) takes full advantage of this evolution.

Chicago offers some of the best golf courses in the United States and some of the most exciting nightlife anywhere in the world. Couple this with a large number of highly educated singles who enjoy both golf and all that Chicago has to offer in entertainment, and you have American Singles Golf - Chicago. Our members are as diverse as the city of Chicago. Members age range from 25 to 55, handicaps range from 10 to 110, and members come from all over the Chicago area. Our members are drawn together by one common interest - a love and appreciation for the game of golf. Members actively participate in the social events, monthly gatherings and outings organized by and for the enjoyment of the club.

That's kind of what Singles Golf is all about . . . fun, fellowship and fairways!

BENEFITS OF JOINING ASGA - CHICAGO

The Golf Course is a great place to get to know someone. Whether you're playing with someone of the same or opposite sex, or spending four to five hours with a new acquaintance, the golf game allows you a great opportunity to become familiar with those you are playing with. You see them when they're at their best, like when they sink a 20-foot putt, and when they're at their worst, like trying to hit out of the woods - - - after three attempts!

Getting to know other single people who play golf is what the American Singles Golf Association is all about. ASGA was formed as a non-profit corporation, whose intent is to provide singles golf clubs throughout the United States. Each local club works in coordination with ASGA National Office to promote the same fun and fellowship through club play.

You Will Fit-in because we're not professional golfers. Far from that! The average player has a 25 handicap. So there should be no concern on your part about "fitting in!" ASGA provides programs to improve individual golfing skills through clinics, outings and tournaments. Equally important are the social activities the chapter provides you as a member. (By the way, don't be shy about attending our meetings. We have several new guests attend each month . . . so don't worry about "knowing someone!")

New Friends! - The Best Benefit in Joining. ASGA provides continuous opportunities to meet diverse singles that share one common interest - golf! We do this by organizing golf outings and social events throughout the greater Chicago area. Furthermore, we encourage you and your fellow members to invite guests to club events.

Join now, because life is short and friends are important. If you're single and over 21 and you've fallen in love with golf, you're invited to attend our monthly membership meeting. Mark your calendar for the second Tuesday of the month and invite a friend to come with you. Membership is good for 12 full months.
