Chicago Chapter - American Singles Golf Association - November 2020

## HAPPY THANKSGIVING

### President's Message

My term as president is over. Serving ASGA Chicago in this role has been fun, challenging, and a learning experience all rolled into one. I want to express my heartfelt gratitude to the board members the past two years whose guidance and assistance have been invaluable as we've faced some "interesting" circumstances. The organization is lucky to have so many generous and talented people willing to give their time and experience so we can enjoy golf, friendships and socializing.

The pandemic put a little crimp in our post-golf fun, and we cancelled the opening and closing dinners, but the outings

were a welcome respite from lockdowns. All in all, 2020 will be a golf season remembered for fun times as well as the challenges it presented. I hope you enjoyed it as much as I did and will be looking forward to 2021!

Thanks again to all the board members and other ASGA members who help with the outings, events and behind-the-scene details. Have a great winter and stay safe, healthy and hopeful!

~Alice Zyks

### Golf Chair Message

The first week of November brought beautiful days of warmer weather to our area.

Hopefully you got out and enjoyed another round or two on the links. Although we're out of season for posting local scores towards a handicap, it's still fun to get out and swing the clubs.

For any of you keeping your handicap through CDGA (Chicago District Golf Assoc), it's time to start renewing memberships. For the 2021 season, you have the option to renew through our local ASGA Chicago chapter for \$30. If you chose this method, send a check payable to ASGA Chicago to **Deb Backman** (202 E Forest Knoll Dr., Palatine, IL 60074), and send your name and current CDGA member number to **Tim Dowling** ([timdowling00@gmail.com](mailto:timdowling00@gmail.com)). If you haven't been a member before, you can sign up through Tim as well. Reach out to him with any questions. Renewals will be processed starting in January.

If you prefer to renew via the CDGA website, the cost will be \$40 if you sign up for auto renewal. If you opt out of auto renewal, the cost for the 2021 season will be \$50.

That's all for now. Enjoy the fall weather!

The September 12<sup>th</sup> Calumet Country Club outing weather was not the best for golf so a majority of the outing members had to cancel. There were nine of us that braved the weather which turned out to be OK. We split up into three groups and played one of the nicest courses that I have played all year. Wide fairways with a challenging course layout made the outing very enjoyable. The amazing thing was our group (second group off) played our round in 3:15 minutes and didn't see the groups in front or behind us after the 2<sup>nd</sup> hole. I truly hope that ASGA includes Calumet Country Club on next year's list of outings.

On October 3, sixteen golfers braved cool temperatures and brisk winds to enjoy a day on the links at Glencoe Golf Club. Everybody dressed accordingly; however, there were a couple of golfers that came very prepared. That's more than a handsome face and hat rack sitting on **Jay Thompson's** shoulders... as he proved by bringing a cart cover. Two women, who shall remain nameless, benefited when a cart cover, heater, and blanket were provided for their comfort. Although they thought it was overkill, by the end of the round they were spotted using all three to keep warm. Glencoe Golf Club, a classic, tree-lined, old-school course, was in good condition. Everyone survived the weather conditions and fun was had by all. Six of us enjoyed post-round socializing at nearby Barnaby's of Northbrook where we drank, ate pizza, and told stories (fables) about the amazing shots we hit.

## COVID-19 Rules and Handicapping FAQs

The guidance below supplements a memo released by the USGA as to how the Rules of Golf and Rules of Handicapping apply in response to questions received from golf course owners, administrators, tournament organizers and golfers. As was noted in that memo, it is not the intended purpose of the below guidance to either encourage or discourage anyone from playing the game, but rather, in our governance role, to help golf course operators, committees and golfers better understand how the Rules of Golf and Rules of Handicapping apply to the various questions we have received.

The questions received fit into four main topics. In each of the four topics below, the guidance provided serves both to directly answer the questions asked as well as cover additional considerations that might also serve useful.

### FLAGSTICK

---

**May a course remove all flagsticks to minimize the possibility of exposing players to coronavirus?**

**May a committee introduce a code of conduct that does not allow players to remove (or even touch) the flagstick?**

- The flagstick serves an important purpose in the game of golf – that is as an indicator to a player as to where the hole is located on the putting green or a target for shots.
- If a Committee decides to set-up a golf course without flagsticks, consideration should be given as to how best to support such a decision by providing players the location of each hole on the green. Whether this is general guidance (such as in the right front portion) or through a detailed hole-location sheet.
- As another means of minimizing exposure to players, a Committee might decide to introduce a code of conduct that prohibits players from touching or removing the flagstick. As is authorized under Rule 1.2b, such a code could also include penalties (such as one penalty stroke or the general penalty) if a player is in breach of its standards.
- Before a Committee decides to introduce such a restriction, it is recommended that consideration be given to the fact that removing the flagstick is an instinctual, even automated, act for many players. Drafting such a code of conduct to restrict only deliberate acts to affect the outcome of the hole would be reflective of that reality and would mean that a player who instinctually removes the flagstick would not get a penalty in doing so.
- If a Committee takes any of the above actions, it is at the discretion of the Committee whether scores would be acceptable for handicap purposes.

### BUNKERS AND BUNKER RAKES

---

**We have removed all bunker rakes from our course to help stop the spread of coronavirus. What options do we have for players who end up in unraked areas?**

- By removing rakes from the course, the Committee has various options as to how best to address the likely possibility of a player's ball coming to rest in an unmaintained area of sand and should consider which is the best approach under your unique circumstances.
- If you have limited play and most players at your course use a golf cart, the best approach might be to ask that each player takes a rake with them.
- If it is decided that no additional Rules will be put into effect to deal with these areas, it would be advisable to strongly encourage that players try their best to smooth the disturbed area with a foot or a club.
- Additional options could include changing the status of bunkers to be part of the general area. This would give players additional options under multiple relief rules (Rules 16 and 19) and would remove the restrictions normally in effect under Rule 12.
- Ground under repair could be used in two different manners. The first being to declare all bunkers to be ground under repair and treat them as part of the general area. This would allow players the option to take free relief outside the bunker under Rule 16.1. The second is to treat disturbed areas only as ground under repair. This would still allow a player free relief from such areas, but would require such relief to be taken elsewhere within the bunker.
- As a last resort, we have fielded questions as to whether a Committee may add a preferred local rule that would allow a player to place the ball elsewhere in a bunker without penalty (such as within one club length of where the ball came to rest). While that may seem like a good option in that it requires players to play from the bunker, there will be times when no effective relief would be available to a player, such as when a bunker is frequently played from and large areas are unraked. It would be recommended that the other options, such as those listed above are considered first, noting that using

the ground under repair options above ensure a player will get full relief and when dropping from knee height, balls very rarely plug.

- If a Committee takes any of the above actions, it is at the discretion of the Committee whether scores would be acceptable for handicap purposes.

## **SCORECARDS AND SCORING**

---

**We are holding a competition, but want to limit how scorecards are exchanged both between players and after the round to the Committee. Do you have any recommendations?**

- The Rules already allow numerous options to address these concerns noting that certifying a score does not require a physical signature, nor does it require a physical scorecard.
- If a Committee wishes to run a competition using a form of electronic scoring, this could come in many forms, such as asking that each marker send an email to the Committee and the player he or she is marking for, including the player's hole-by-hole scores. The player can then reply to verify the accuracy of the card.
- When electronic methods are used, such as the email example above or similar methods that involve text messaging, the Committee should decide when a scorecard would be considered to have been returned. For example, this could be when the player responds certifying that the scores are correct or some other action that the Committee might consider more appropriate.
- A Committee might also wish to employ the above method but also combine these with a physical scorecard by having the marker take a picture of the completed scorecard and either email or text it to the Committee using the same process described above.
- If physical scorecards are the preferred method, a Committee may wish to have the player and marker not exchange cards but rather verbally communicate the hole-by-hole scores to the Committee verbally in the scoring area. Additionally, verbal confirmation could be a substitute for the physical signature. As with the electronic scoring methods described above, the Committee should be diligent to clearly define when a scorecard has been returned, such as when a player leaves the golf shop if that is where the process takes place.
- If a Committee takes any of the above actions, it is at the discretion of the Committee whether scores would be acceptable for handicap purposes.

## **MODIFICATIONS TO THE HOLE; NOT REQUIRING THAT PLAYERS HOLE OUT**

---

A number of questions have been received that relate to modifying the hole so that players no longer need to reach into the hole to remove a ball to minimize the possibility of exposing golfers to coronavirus.

These have included some courses setting holes so that the hole liner remains an inch or two above the surface of the green while others have placed various objects into the hole or around the flagstick (such as foam pool noodles or plastic piping) so that a ball is unable to fall to the bottom.

While in all of these instances, the ball is not holed per the Rules of Golf (Rule 3.3c), a round played under these conditions will result in an acceptable score for handicap purposes using the most likely score guidelines (see Rule 3.3 of the Rules of Handicapping).

While the most likely score procedure is intended to support certain formats of play where the player is not required to hole out (such as in match play when the player's next stroke is conceded or in fourball stroke play when a partner picks up), it is also temporarily in effect where the above described safety measures are being used.

When using most likely score, the player should consider the number of strokes most likely required to complete the hole, and determine whether the ball would have been holed or not. Most likely score is at the player's best judgment and should not be used to gain an unfair advantage.

This measure is temporary and in effect within the United States until advised otherwise by the USGA.

The above guidance will continue to be updated. If you have any questions or concerns, you can contact the Rules of Golf and Rules of Handicapping departments by going to [www.USGA.org](http://www.USGA.org).
